As someone who has opted out of the smart meter program, I am writing to request that you do not allow APS to replace analogue meters with digital meters. This would create an increase in electrical activity on my household wiring and cause damaging health effects, such as insomnia, to persons like me who are electrically sensitive. I also request that you do not permit APS to add a new monthly fee of \$5. for those in the opt-out program. There already is a monthly meter reading charge for all customers. An additional fee plus the proposed rate hike will create a burden for those like me, a senior citizen on a fixed income.

Thank you for your consideration.

Sincerely,
Marjorie Mills
